

Paws on Hubbard

November 2020

Remembrance Day is a very small gesture of respect for those who have served or who are currently serving in the Canadian Armed Forces. All of us have been affected by the sacrifice made by our loved ones, friends and neighbours.

We mourn our human loss, but we often forget the magnitude of animal loss as well. An estimated 1 million dogs were lost in service in WW1. At the same time an estimated 8 million horses, donkeys and mules were sourced from several commonwealth countries. Imagine the impact on all those farms and families who were forced to give up their animals for the war effort.

Thank you. We will remember.

Healing Paws®

Puppy Basics and FUNdamentals will be wrapping up in early December to make way for the holidays. Our next openings will be in January 2021(!!!) Interested participants are invited to put their name on a contact list for more detailed information when it becomes available.

Facebook Contest: We have WINNERS!! The winner of the Costume Love (Heart votes) was Noelle the Purple Monster owned by Patti Auld Johnson. The person picked by random draw among all those who shared the contest post was Bonnie Horncastle. CONGRATULATIONS!!!!

UPCOMING SEMINAR (Online via Zoom)

Keeping Pets Safe during Winter Holidays, Sunday December 6th 2020 at 7pm (Atlantic time)

Christmas Cheer and Winter Woes are just around the corner. Paws on Hubbard is pleased to welcome Jennifer Blackman as our first guest speaker. On the agenda are all those human delights that are seriously bad for our dogs such as Dark Chocolate. Winter cautions are also on the radar with cold weather and frostbite that is also a possibility for our dogs.

Jennifer is known to many as the Owner of Wag Canine Recreation Centre in Amherst, NS but she is also known to many folks as the capable instructor of Walks 'N' Wags Pet First Aid delivering courses all across the Maritimes.

Participation in this seminar is free but only available with pre-registration.
